PDA/FWH MOU Overview

An executed MOU between Fort Worden PDA and Fort Worden Hospitality (FWH) is a required closing condition for FWH's Craft3 loan. Start-up funding (procured from Craft3) is a required condition for FWH to assume the concessionaire contract with PDA.

The MOU draft must be submitted to Craft3 for review by 2/4 and the final MOU must be executed by 2/8.

Required elements of the MOU, per Craft3's Terms & Conditions Letter:

Craft3 must review and approve, prior to execution, a Memorandum of Understanding between Borrower and Fort Worden Lifelong Learning Center Public Development Authority (PDA) setting forth the standards for an accounting and reconciliation of accounts between PDA and Borrower including without limitation any responsibility for advance guest deposits, and any other funds spent by PDA prior for any items relating to Borrower's operations.

Notes on Advanced Deposits:

- To date we have \$927,917.16 in advanced deposits collected for future business. \$548K is in nonrefundable leisure stays that are paid in full but will be serviced after the business assumption date.
- In accordance with the former PDA advanced deposit policy 35% plus anything over \$10,000 should be held. As of 1/24 this totaled \$384,766.91 – but that number will be finalized as of the date of transition.
- If the PDA hadn't suspended the policy back in 2020, then \$385K would have been available to transfer to FWH with the book of business, as collateral against the \$928K liability.
- FWH plans to assume liability on all booked business as part of the transition – will be carrying this on our Balance Sheet until booked business actualizes.

Financial Audit, Inventory Transfer, and Start-Up Costs:

- The PDA's advanced deposit policy was suspended due to cash flow needs; the advanced deposits were spent on hospitality aspects of the business including start-up expenses of FWH, while PDA operations were also partially funded with the advanced deposit money as PDA revenues didn't cover all non-hospitality-related expenses
- There is a cash value to some inventory being transferred – said inventory also becomes surplus to the PDA with the assignment of business functions to FWH
- Start-up costs have been tracked separately and will be accounted for in the financial audit
- Financial Statements with PDA and Hospitality revenue and expenses accurately stated is due in May 2022

Questions/Terms to be Determined:

- Once accounting work is complete, how will the difference be stated between the two entities – will the PDA carry a balance owed to FWH?
 - Can that balance be applied to other inter-entity billings, or be pledged as in-kind for equipment/materials procurement?
 - Will any of that balance be forgiven when business is actualized and liability is cleared?
