DIETARY RESTRICTIONS GUIDE

All dietary arrangements must be made no later than 14 days prior to your event.

Extra portions will not be available to guests who do not report an allergy or restriction in advance, and will be expected to eat from the menu agreed upon in the Catering Agreement.

GENERAL

Fort Worden is not an allergen free operation and cannot guarantee that cross-contamination will never occur.

Processes are in place to minimize risk but we do not have designated tools, equipment, or work spaces for the preparation of 'allergen free' menu items.

We are not a celiac or kosher kitchen.

If you or your guest has an allergy that will be triggered severely by trace amounts of any allergen, share your concerns with you Event Coordinator.

MESS HALL

Mess Hall is designed to include options for omnivores, vegetarians, & vegans; including accommodations for the following allergens:

milk, eggs, fish, shellfish, tree nuts, peanuts, sesame, wheat & soy

Omnivore entrees are served by default & are the only option prepared unless otherwise coordinated in advance.

Guests with specific protein preferences will be offered the vegan/vegetarian option should any meal period contain the restricted protein.

Options for guests with multiple restrictions/preferences may be limited at some meal periods (ex. vegan & wheat allergy.) There may be a lesser variety of foods during their stay.

Uncommon restrictions, such as allergies to common ingredients, should still be reported so servers may help the guest navigate the menu.

Fort Worden cannot guarantee a suitable substitute will be available for severe restrictions. These guests are invited to bring their own pre-made meals or cook in their accommodations.
